Mr. A. S. Crute, Jr., is supplying this market with the finest melons ever seen in the city. Mr. Crute informed us one day this week that he had one thousand ripe melons to dispose of. His wagon will be found on our streets every day, and those wishing nice, delicious melons should see him before buying.

Mr. Eck has with him this season the finest photo equipment he has ever brought here; can make you any kind of photo work as well as can be made anywhere, by anyone; and at very low prices. If you need anything in his line be sure to have it done before he returns to his Pine Bluff gallery.

On Thursday last Mr. Dave Law and Miss Ida Withers were married. Judge Roby officiating. The Bride is the beautiful daughter of the late Captain Withers of Long View, and is admired by all who know her. The groom is the son of Mr. J. C. Law, and is a young man of good business qualifications and commands the respect of all who know him. The "Clarion" joins their many friends in wishing for them a long, happy and prosperous married life.

Our contemporary has been imposed upon. Mr. Ahrens is still enjoying single blessedness; but we understand that it is not altogether Mr. Ahrens' fault. He has had his own consent for sometime, but the sweet girl of his choice prefers to wait until the daisies bloom again.

During the flood last Saturday morning, the brick dam of the canning factory broke and was swept away. Also the dam of this editor's pond, which was located on the same spring branch. Mr. D. S. Wells, who lives two miles south of town, had a big dam washed away. All the small streams near Monticello were overflowed, and some damage done to the lowland crops. It was the first rain that many portions of the county had had in four weeks, and was therefore, most welcome. Gardens and crops, of all kinds, have been greatly benefited.

During the downpour of rain last Saturday morning, a small cyclone formed in the south-eastern portion of town, moving in a north-eastern direction, swept fences, trees, etc., until it reached Gaines street, near the depot, when it lifted the entire roof from L. W. Dillard's large mercantile establishment and tore out the plate glass front. The entire stock of general merchandise was badly damaged by the rain. The loss will probably amount to \$1,000. Two or three small buildings, in the vicinity of the depot, occupied by colored people, were razed to the ground, but fortunately no one was seriously hurt. One colored woman was slightly injured. The colored people's lodge was blown off the pillars, the glass broken and otherwise damaged. Other property in the neighborhood was damaged to some extent. The path of the storm was not over 100 yards in width. The rain accompanying the storm was the heaviest we have had in years.

"We have been informed that our genial insurance friend, Darwin Ahrens, of Monticello, has at last joined the great army of benedicts. We did not learn the young lady's name, but feel confident that she is one of Arkansas' fairest, as Darwin's taste along this line is excellent. We do not vouch for the above being true as the informant was a traveling man. However, "The Clarion" joins Mr. Ahrens' many friends in Ashley county in wishing him a happy married life."

—Hamburg Clarion.

Our contemporary has been imposed upon. Mr. Ahrens is still enjoying single blessedness; but we understand that it is not altogether Mr. Ahrens' fault. He has had his own consent for sometime, but the sweet girl of his choice prefers to wait until the daisies bloom again.

To the Directors of Draw Co:

In accordance with an Act of the last General Assembly, school Directors must now transmit their annual reports to the county examiners between the 1st and 20th of July. As the State Superintendent is required by law to make the State appointment on September 1, it is very important that the directors should send the examiners their reports promptly. A failure on the part of the directors to do so will result in the loss to the district of its share of the state school fund, and they will be liable for the damages sustained by the district by reason of losing its share of the revenue.

Respectfully,
J. J. Doyne,
State Superintendent.

POISONING THE SYSTEM.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dullness and melancholia at first, then unsightly eruptions and finally serious illness. DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. Do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe.

Things We Like Best

Often Disagree With Us

Because we overeat of them. Indigestion follows. But there's a way to escape such consequences. A dose of a good digestant like Kodol will relieve you at once. Your stomach is simply too weak to digest what you eat. That's all indigestion is. Kodol digests the food without the stomach's aid. Thus the stomach rests while the body is strengthened by wholesome food. Digesting is unnecessary. Kodol digests any kind of food. Strengthens and invigorates.

Kodol Makes Rich Red Blood.

Prepared only by E. C. DEWITT & Co., Chicago. The \$1 bottle contains 2 1/2 times the 50c. size. R. E. VANCE BORDEAUX.
